FOREWORD

I. Establishment of University:

It is a matter of pride and prestige to write this foreword for the First Annual Report of the University for the year 2018-19.Bengaluru Central University came into existence on 13th August 2015 by amending the Karnataka State Universities Act 2000. [K.S.U. (Amendment) Act, 2015]. The University officially commenced its activity with the appointment of Vice-Chancellor on 26-07-2017. The first batch of UG and PG students were admitted in the year 2018-19. The name of the University has been subsequently changed as **"Bengaluru City University"** with effect from 19th June 2020 through an Ordinance and Gazette Notification of Government of Karnataka. This change of name is done at the behest of University Grants Commission, to overcome the confusion between the names of Central Universitiy of Karnataka and this University. This change in the nomenclature has helped to depict true nature and demography of the University. The geographical area of the University comprises of the Bengaluru City and the name reflects its core jurisdiction. Keeping in mind the UGC guidelines under RUSA which stipulates not more than 100-150 affiliated colleges for each University, the Govt. of Karnataka has felt that, academic standards, quality education, better management, and strict adherence of academic calendar would be achieved by trifurcating Bangalore University and establishing Bengaluru City University (BCU) and Bengaluru North University (BNU). The jurisdiction of the Bengaluru City University spreads over 13 Legislative Assembly Constituencies of Bengaluru City namely, Shanthinagar, Byatarayanapura, Yelahanka, Malleshwaram, Hebbal, Shivajinagar, Gandhinagar, Chamarajpet, Chickpet, Basavangudi, BTM Layout, Jayanagar and Rajajinagar. The University has inherited eight Post-Graduate Departments namely, Mathematics, Chemistry, Biochemistry, Commerce, Management, Mass Communication, Apparel Technology and Global Languages and 239 affiliated colleges.

10 out of the 16 autonomous colleges of the pre-trifurcated Bangalore University have come under the jurisdiction of the BCU. The large number of autonomous colleges which are the most well-known and historic institutions of the city are the key strength of BCU. Two autonomous colleges have been crowned with the independent status of the University.

II. The Legacy of Bengaluru City University:

The Karnataka's brand new institution of Higher Education, inherits a rich and historic legacy dating back to the mid-nineteenth century. Its modest beginning begins from 1858, when Bangalore High School was established with five students. By the end of the 19th century, this small school grew into Central College, which emerged not only a great centre of science learning and research but also of Kannada literature, social movements and radical political consciousness. Central College was the principal constituent college for more than a century for two premier education institutions, the University of Mysore (1916-1964) and Bangalore University (1964-2017). This august institution provides not just the physical setting for BCU but more importantly its intellectual legacy and social consciousness.

III. Appointment of Special Officer and Beginning:

The K.S.U. Act was amended and promulgated on 13th August 2015 and Prof. S. Japhet was appointed as Special Officer of the new University vide Government Notification No. ED 385 UBV 2015 dated 10.06.2016. Soon after assuming the office, he could observe lack of clarity regarding transfer of buildings, property, departments, and faculty and non-teaching and teaching staff. After consistent pursuation, the Government appointed an Expert Committee under the Chairmanship of Dr. S.A. Kori, the then Executive Director of Karnataka State Higher Education Council for devising an action plan wih

regard to transfer of requisite infrastructure, human sources, grants etc and acquisition of land from the concerned authorities. Based on the report of the Expert Committee the Government issued an order No. ED 132 UBV 2016 dated 04.02.2017 instructing the Bangalore Univerity for creation of requisite infrastructure, Human and Financial resources, establishment of departments and other consequential issues. In the process, 37 teaching posts and 100 non-teaching posts were transferred to BCU. It is pertinent to mention that 7 PG departments functioning in this Campus had a total of 86 posts, out of this, only 37 posts were transferred to this University and 49 posts are left with Bangalore University, this has seriously affected the academic activities of this University. 100 non-teaching posts have been transferred to this University. But the actual number of teaching faculty opted to remain in this Univerity is 18 and the non-teaching staff is also 18. In view of this delay, the admissions and examinations for the year 2017-18 were done by Bangalore University. The Financial requirements were also met by the Bangalore University during the said tenure. Consultative process were also initiated with intellectuals and academicians to chalk-out a road map for this new University. Several Committees were constituted.

IV. Appointment of Vice-Chancellor:

The Government of Karnataka hadappointed Prof. S. Japhet as the first Vice-Chancellor of this Universityby Notification No. ED 115 UBV 2017 dated 25.07.2017. Accordingly, heassumed the office on 26.07.2017.

V. Appointment of Statutory Officers:

i. Prof. C.M. Thyagaraj of Rani Chennamma University was appointed as Registrar (Administration) on 07.08.2017. Subsequently he has been repatriated to his parent University and Prof. M. Ramchandra Gowda, Professor of Commerce, BCU was appointed as Registrar (Administration) on 10.11.2017. Consequent upon appointment of Prof. M. Ramachandra Gowdaas Vice-Chancellor of Rani Chennamma

University, he has been relieved from the University service on 03-07-2019.

ii. Prof. Lingaraja Gandhi, Dept. of English, University of Mysore was appointed as Registrar (Evaluation) on 11.08.2017, after serving for one year and six months he was appointed as Registrar (Administration) and transferred to University of Mysore.

iii. Prof. N. Chandrappa, Professor, Dept. of Physical Education, Akkamahadevi Mahila Vishwavidyanilaya, Vijayapur had been appointed as Registrar (Evaluation) w.e.f 20-02-2019.

iv. The Government of Karnataka had posted Mr. V.D. Nischith, Joint Controller of State Accounts and Audit Dept., as Finance Officer of the University on 15-07-2019, after his transfer, Sri P.L. Venkateshmurthy, Joint Controller of State Accounts and Audit Dept. was posted as Finance Officer of this University on 16-04-2020.

VI. Inauguration of the University:

The Bengaluru City University with its earlier nomenclature of Bengaluru Central University was officially inaugurated by the then Hon'ble Chief Minister of Karnataka Sri Siddramaiah on 7th March 2018. Sri Basavaraj Rayareddy, Hon'ble Minister for Higher Education and Pro-Chancellor of the University presided over the function. The University has organized the event meaningfully involving all the colleges, legendary personalities studied/worked in the earstwhile Central College, students and general public. The mega event was held in the Cricket Pavilion in Prasanna Kumar Block. Sri D. V. Sadananda Gowda, Sri Ananth Kumar, Smt. Nirmala Sitharaman, Prof. C.N.R. Rao, Justice M. N. Venkatachalaiah, Sri H.S. Doreswamy, Prof. Roddam Narasimha, Prof. K.S. Nisar Ahmed, Sri M.S Sathyu, Dr. Geetha Narayanan, Sri K. N. Harikumar, Dr. Siddalingaiah, Sri K. J. George, Sri Ramalinga Reddy, Sri Roshan Baig, Dr. H.C Mahadevappa, Sri H.M Revanna, Sri H. Anjaneya, Sri

Krishna Byre Gowda, Sri M.R Seetharam, Sri A. Manju, Sri P.C. Mohan, Sri R. Sampath Raj, Smt Padmavathi Narashimha Murthy, Sri R. Vasantha Kumar, Smt. Latha Kuvar Rathod Guest of Honours, Vice-Chancellors, Registrars, Registrar(Evaluation) of sister universities, and many more distinguished guests participated and blessed the event. Nearly 10,000 people including Principals, Teachers, Officers of the Government, Students, Media persons, participated in the mega event. The Logo, Vision & Mission Documentof the University were released on this occasion.

VII. Inauguration of renovated Building for Arts Faculty Departments:

The respective buildings in the Campus were occupied by the existing PG departments. The response of Bangalore Univesity for handing over the other Buildings was not encouraging. There was no place to start the new P.G. Departments, the then Registrar, Prof. Ramachandra Gowda took initiatives to convince and vacate the Old Physics Block. The buiding was in a very bad shape and needed a thorough renovation. Accordingly, the builing was renovated and the same was inaugurated by Sri H.D. Kumaraswamy, former Chief Minister of Karnataka on 5th Sept. 2018. The newly started Arts Faculty Departments are housed in this building.

VIII. Commencement of Academic Activity:

a) The actual academic work of the University begun with the issue of Government Order transferring the Colleges pertaining to the Jurisdiction of the Bengaluru City University. Accordingly, the University started the affiliation, admission process to Post-graduate and Under-graduate courses for the academic year 2018-19.

b) Different Expert Committees were constituted involving eminent scholars to design the Syllabus for the proposed new P.G. Courses. Based on the inputs of the expert Committees, the curriculum was redesigned based on the needs of the present scenario. The Regulations of Post Graduate Courses were required to be amended in line with the advice of

the Expert Committee. Hence a Committee under the Chairmanship of Prof. S.R. Keshava was constituted to suggest necessary amendments to the Regulations. The Regulations revised by the Committee have been submitted to the Government after attending the observations made by the government.

c) The University had only 8 P.G Departments; 4 in Science (Chemistry, Mathematics, Biochemistry and Apparel Technology), 2 in Commerce Faculty; (Commerce &Management-CBSMS); 2 in Arts Faculty, (Mass Communication and Global Languages). Realizing the necessity of starting P.G. Departments in the core subjects of Arts and Science faculty a proposal was submitted to Government seeking permission to start new post graduate departments. The Government permitted to start the P.G. Departments namely, Kannada, English, History, Economics, Political Science, Sociology, Social Work during 2018-19.

d) The quality of education, credibility and achievements of the University rests with teaching faculty of the University. Unfortunately as on the day, the Univesity has only 16 permanent teaching faculties. With this dismal number, shouldering the abundant academic and Research responsibility is a farce. Since the faculty are overburdened with the departmental teaching work load, they are hard pressed with the time to shoulder any additional academic/administrative work. With all the adversaries, my teaching faculty have rendered themselves creditably in their teaching and research activities. The additional teaching work load of the existing Departments and the entire teaching work load of the new Post Graduate Departments are handled by the Guest Faculties only. The University engaged a few retired professors as Guest Faculty as their experience will help the students in better understanding the course contents.

e) The Univerity has successfully conducted the affiliation activites making way for taking-up admissions process of Under Graduate and Post

Graduate courses for the year 2018-19. Approval of admissions made by the Colleges to the First Semester Courses and admissions to Post Graduate programmes were done successfully. Lack of human resources, teaching faculty and infrastructure, were the serious concerns. The technology has come to the help of the University to ease the task to some extent.

f) The University has entered into a memorandum of understanding with Confederation of Indian Industries (CII) with an intention of extending outreach programmes including University-Industry interaction for college and University students.

IX. Examination Activities:

The image and credibility of any University depends on the functioning of Examination Branch. The examination branch started functioning with just three persons including Registrar (Evaluation). Examination activities began with the admission process. Preparation of examination related activities, conduct of examination, evaluation & declaration of results was a big challenge. The only way out to encounter this challenge was to adopt technology and automate the examination activities. The University outsourced the Examination Management System and e-governance in examination activities. Automation has helped in a big way and eased out all the examination work. This initiative has been well received by the students, colleges, teachers, parents and all concerned. Automation has also reduced the errors and enabled us to conduct the examinations as per the schedule and results are declared well before time limit. With the co-operation of students, teachers, Principals and staff, the University has successfully conducted the examinations during the year with the dismal number of supporting staff.

X. Infrastructure & Building:

a) Getting possession of the buildings has been a herculean task for the University. Still some buildings are in the possession of Bangalore University. Almost all the buildings on the campus are in dilapidated condition. These buildings need to be thoroughly renovated and repaired. The process of preparing a master plan of the Campuswas on the anvil. The University does not have an independent Engineering Division hence the services of a retired Asst. Executive Engineer and a Junior Engineer having experience in Bangalore University have been hired.

b) Many buildings in the Central College Campus and Prasanna Kumara Block are leased out to the different organisations which include, UGC, AICTE, ICHR, Central Sahitya Academy, Former Vice-Chancellors Forum of Karnataka, Past Student's Association, Hampi University, etc. The Univesity has tried to convince these organisations regarding necessity of space to the University for augmenting the new Post Graduate Departments and Offices. Since there was no response, the University has peferred to the legal recourse to take vacate some of the buildings.

c) The University has requested the Government of Karnataka to allot 50 acres of land within the jurisdiction of the University to estabalish extension Center for providing better infrastructure for new courses.

XI. SC/ST/OBC Welfare Measures:

All the welfare programmes for SC/STs, Minorities and OBC students available in the Social Welfare Department, Tribal Welfare Department, Backward and Minorities Departments have been extended to the students of the University and colleges. A dedicated section under a Special Officer has been entrusted with the responsibility for timely action. The University has also made efforts to introduce welfare programmes for SC/ST students under SCP-TSP grants sanctioned by the Government.

XII. Library:

The Bengaluru Central University Library was established in the year 2019. The building has stack area for keeping books, reference books, and back volumes of journals.

The University Library has got a rich collection of Commerce, Management, Chemistry, Communication, Mathematics Books and back volumes of the periodicals. The Library spends more than 45 lakhs for purchase of books adding more than 3000 titles to the collection for the year 2019-2020.

XIII. Prasaranga

The University has started the Prasaranga unit by appointing a co-ordinator on contract basis. The said person has resigned. We may have to either appoint an honorary co-ordinator with the relevant experience or designate a faculty member to be incharge of the Prasaranga. The Prasaranga has a vital role to play in the university system. The extension activities, printing of different text books, publication of Research Journals, printing of the contemporary books and translation/writing of original of books/reference books for the use of the Kannada medium students who write examinations in Kannada medium are to be taken up by the Prasaranga.

XIV. NSS Activities

The University has an NSS Unit, Sri Govinde Gowda, Assoiate Professor of Mount Carmel College is working as NSS Co-ordinator on honorary basis. Various activities as per the guidelines of the State/Central Government are being carried out in addition to helping the University administration in organising different programmes/jayantis & celebrations.

XV. Physical Education & Sports:

Bengaluru City University within its limiations has made efforts to provide better opportunities for the Sports persons of the University and affiliated colleges. A retired Director of Physical Education of an affiliated college Mr. Ilias Mohammed, has been entrusted with the the Physical Education activities. Regular inter-collegiate athletic meets are being organised. The University has encouraged participation of individual athletes and sports teams at the South Zone and All India Inter University Tournaments. The students have fared well and won medals and trophies.

General observations:

The Bengaluru City University has all the potential to grow as a center of excellence in the coming years. The University has to extend learning opportunities in different fields and frontier areas of higher education and research. The advantage of the University, being at the Bengaluru City also has a challenge of competition with well established private Universities and autonomous colleges. The University needs greater academic and administrative autonomy in order to professionally manage and hire required talented & efficient teaching staff, fill-up vacant posts on regular basis, and provide state of the art infrastructure.

The buildings on the campus are to be renovated/rebuilt protecting their ambience and beauty. The land scaping and beautification of campus is to be done to provide a safe and peaceful environment that is conducive to learning and research, so that the students, faculty, administrative staff, and the members of different authorities will cherish the atmosphere.

a. Strengths, Weaknesses, Opportunities and Challenges (SWOC) analyses made and action taken*:*

Strengths:
— The University is located in the heart of Bengaluru City.

— Committed faculty and supportive administrative staff.

— E-governance in examination and Examination Management System.

— Rich historical & academic legacy

— Presence of top academic and research institutions across city provide opportunity to the faculties to interactwith eminent scholars.

— World class transport facilities.

— Presence of leading PSEs, MNCs and private corporates in Bengaluru city

— Availability of top quality human resources across all fields.

— Sports facilities like play grounds, outdoor stadium are available.

— Spacious library

Weaknesses:

— Lack of human resources (teaching, non-teaching and Technical)

— Dilapidated physical infrastructure.

— Limited funds for cutting edge research.

— Less of inter-disciplinary/multi-disciplinary approaches.

— Inadequacy of Infrastructural facilities to introduce ambitious academic programs.

— Weak linkages and disparity between affiliated and autonomous colleges.

— Uneven student competencies.

— Limited availability of land for future expansion.

Opportunities:

— Prospect to create a truly unique and innovative state public university.

— Leverage on strong brand image of Bengaluru.

— Cater to new learners and integrate new pedagogies to serve needs of New Education Policy 2020.

— Promote clusters of excellence among autonomous and affiliated colleges.

— Build on strong alumni network

— Improve job prospects for students and current workforce through life long learning.

— Collaborate with public agencies, Govt. departments, national and international academic institutions and industries.

— Create conducive environment for public debates and civic interventions.

— Develop inter-institutional cooperation in cultural, sports and co-curricular events.

— The University-Industry linkage programmes.

— Upgradation of curriculum as per new age requirements in consultation with experts.

— Tapping the locally available resource persons to supplement teaching and research.

— Exploitation of research potentials to generate revenues in the form of strategic consultancy.

— Adoption of information and communication technologies more effectively.

— The scope for extending the consultancy services.

— Faculty exposure to locally available international laboratories/institutions to take up high end research and teaching.

— Enhancement of equity initiatives

Challenges:

— Increased competition, due to establishment of private and public Universities around the Campus.

— Limited financial support from State Government.

— Increased privatization of higher education.

— Inadequate amenities for marginalized section to increase the enrolment.

— Successfully address faculty and institution concerns arising from trifurcation

— Hiring efficient / qualified faculty and staff to achieve rapid expansion

— Building high quality infrastructure in short span to meet scaling up needs

— Reducing dependence on state grants and improving self-reliance of funds

— Building shared leadership and collective governance

— Imparting high quality education to students with weak competencies

— Securing adequate funds in timely manner to meet the growth requirements

— Generating world class and high quality research and publications.

b. Short term and long term perspective plans- administrative measures taken, Training to the non-teaching staff:

— To increase the ability of the University to realize the potentiality to compete with institutions of excellence at the global level.

— To enhance the quality of teaching-learning process.

— To appoint experienced teaching faculty.

— To increase the access to higher education for the socio-economically backward, SC/ST/OBC community people.

— To increase the enrolment ratio in the University.

c. Administrative and academic reforms ushered in – based on NAAC Peer Team recommendations and Administrative and Academic Audit (AAA) Committee reports (copies of recommendations/reports may be annexed):

The University is yet to undergo NAAC accreditation process.

d. Administrative measures for networking and development of PG centers/additional campuses, on par with main campus:

The University does not have a separate PG.Centre.

e. Promotion of impact driven and socially relevant research (Ph.D. topics, projects proposed to funding agencies, research publications, inter-disciplinary research and extension) activities:

The University does not have regular teaching staff in the subjects of Arts faculty and sufficient number of teachers in Science & Commerce faculty. Once the regular teaching staff is appointed, efforts will be made to motivate the faculty and research scholars to take up the Bengalru specific socially relevant research topics. The civic agencies, such as BBMP, BDA, METRO, KSRTC, BDA, KUWSB, Karnataka Slum Development Board, Indian Railways,and other agencies will be approached for associating in the socially relevant projects concerned with the respective agencies. Bengaluru centric urban issues are diversified and needs involvement of multiple P.G departments. Hence efforts have to be made by the proposed IQAC and PMEB Boards for better co-ordination. The proposed PG Departments like Environment and Ecology, Urban Studies & Planning, Technology Law & Public Policy could take a lead in inter-disciplinary research approach. The existing Commerce, Chemistry, Bio-chemistry, Management,Departments could consider 'Science & Society' approach for devising the research topics.

The following are a few areas of research which are socially relevant to the Bengaluru City and will promote interdisciplinary research works.

—Studies on the lake water quality, restoration, rejuvination.

—Study of sewage water its treatment and Management

—Air Pollution of Bengaluru City.

—Issues related to Urban Women

—Study relating to marginalized urban population.

—Gender based issues (LGBTQ+)

—Migrant Labours, GarmentLabours related studies.

—Historical Studies.

— **Local culture and scope for cultural exchange:** The Bangalore city has a healthy mix of all religions and cosmopolitic culture. Bengaluru has become the preferred place for the people from different regions of Karnataka, India and abroad. The diversified culture, language, literature and artwhich will provide scope for study and research. The proposed PG Department of Art & Aesthetics could co-ordinate the multidisplinery research and provide a platform for cultural exchange programmes with different International Univesities.

— **Community studies:** Bengaluru City has distinction of healthy community life. Different communities with their own cultural practices and their study are a fertile area for research. For instance North eastern community, Gujarati , Marwadi Sindhi, Punjabi, Bengali, Nepali, Kashmiri, Marathi, Telugu, Tamil, Malayali community etc, in addition there is also international population. The community studies offer scope for greater collaborative global research.The frontier areas of research works in science and technology include geographical concerns, societal needs and other logistics.

f. **Promotion of excellence in higher education:**

— Invited lectures are organized to motivate the young students

— Guest faculties have been appointed to various departments.

g. Welfare measures for SC/ST/OBC/Women/Divyang and others:

The University is assisting the SC/ST/OBC students in getting all the facilities given by the Social welfare, Backward Class, & Mnorities Depts., of Govt. of Karnataka. A separate unit under a Special Officer having experience in the Social Welfare Department is looking after the matters relating to Scholarships meant for such students.

h. Promotion of Kannada in all its celebrated forms:

— Kannada language is adopted as administrative language
— The Proceedings of the authorities are being prepared in Kannada.
— Kannada is prescribed as a language for First four semesters of Under Graduate Curses
— Since large numbers of students write examinations in Kannada medium, effort are made to teach in Kannada language also.

i. Initiatives to mobilize finances through PPP, alumni/alumnae associations etc.,

Effort will be made to establish Alumni association. Initiatives will be taken to mobilize finances through PPP model.

j. Initiatives taken to promote overall development of the University:

— The University has started 7 new PG courses in Arts Faculty, by revising the curriculum complimentary to the changing trends in higher education.

d. Credit Accumulation and Transfer System after implementation of Choice Based Credit System (CBCS): Admission to International students and students from other states who have not studied under CBCS; lateral entry and admission of diploma students to UG degree course

CBCS Implementation at PG Level:

The Bengaluru City University has adopted the CBCS-Semester Scheme Regulations of Bangalore University in respect of Under Graduate Courses. The CBCS-Semester Scheme P.G. Regulations of Bengalore University have been adopted with some minor changes. The draft regulations are submitted to the Government for seeking assent of H.E. Chancellor.TheseRegulations are in line with the regulations/directives/guidelines issued by the University Grants Commission, New Delhi, regarding implementation of Choice Based Credit System (CBCS, Semester Scheme) in both the under-graduate and post-graduate programmes and also the advisories of the Higher Education Council, Government of Karnataka, The Choice Based Credit System enables the degrees of Bengaluru City University to be on par with the global standards, so that the acceptability of the programmes and degrees offered by the University becomes comparable and readily acceptable. In view of the New Education Policy-2020 introduced by the Government of India, the University may have to redraft the regulations in the coming years.

The Salient Features of the Choice Based Credit System (CBCS) (SemesterScheme):

Each course in a programme shall carry certain number of credits, which normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as number of contact hours, the course content, teaching methodology, learning expectations, etc. In the proposed programmes, the credits shall be based on the number of instructional hours per week; generally 1 credit is equivalent to one hour of instruction in theory, or 1 or 2 hours of tutorial, or one and a half or two hours of practical/field work /project work / internship per week.

The other features of the CBCS (Semester Scheme) are:
— The P. G. degree programmes are structured on credit based semester scheme.
— The relative importance of subjects of study and activities are quantified in terms of credits. Total credit of the programme is generally between 80 to 100.

— Each programme of study will have "Core" and "Elective" courses. The Core course will further consist of "Hard" and "Soft" core courses.

— Open elective will be chosen from other programmes within the faculty or across the faculty.

— The declaration of result is based on the grade point average (GPA) earned towards the end of each semester and the Cumulative Grade Point.

— Average (CGPA) earned towards the end of the programme with corresponding alpha –sign grade.

41.   Vice Chancellor's Views

The University has started functioning from July 2017. It has completed 1 year and 8 months of its existence. The period of this report pertain from July 2017 to April 2019. (2017-2018-19). As mentioned in the foreward, the University had to struggle a lot to establish its existence in terms of transfer of infrastructure, post-graduate departmentsor, transfer of funds and transfer of

human resure from Bangalore University. The infrastructure, financial and human resources play a vital role in the early stages of establishment. The University had none of these three vital components in the initial days. Even after the issue of Govt. Order, there was delay under one or the other pretext in transferring and handing over the buildings/infrastructure. As on today, still some of the buildings are under the possession of Bangalore University and many buildings are not officially handed over. The conditions of the available buildings are precariously bad. I am scared to put them for the use risking the life of students. On the other hand there was a pressing demand for starting the P.G. courses in Arts Faculty as the campus did not had the P.G. Departments in core subjects. There was no option but to take-up urgent repairs and renovation works of some buildings, to launch new courses. The University could overcome these challenges and realized starting of eight new departments during 2018-19. Taking up affiliation process, admission to Post-Graduate/Under-Graduate courses, approval of admissions made by Colleges and simultaneously commencing the examination activities were the remaining challenges. One has to remember that the Univesity did not have experienced staff and infrastructure; the inexperienced contract employees need constant guidance and monitoring. Some how with the available experienced retired employees, timely help by the teaching faculty and dedication of the officers, the University could successfully accomplish the tasks mentioned above. This itself, is a great momentum and impetus for taking of the new University.

In the coming years the University has plans to start PG Departments in the Science Faculty and some departments in the frontier areas of Arts, Science, Technology and Law. Initiatives have to be taken to automate the governance procedures, internet facilities, CCTV surveillance and bring further transparency in the administration.

The University has also taken steps to promote awareness about environmental protection, rain water harvesting, solar power system, planting of trees, campus beautification, renovation of buildings, and construction of a multistoreyed academic building. The University aims to build an eco-friendly campus and has taken some steps towards this by making the campus a plastic free campus and carrying out Swachhata Abhiyan.

To sum up, the University has been working towards providing the best to all its stake holders within the limitations and restraints. The Officers, principals, teaching faculty, guest faculty (including retired professors), and

young employees are the strength behind thewhatever achievements made by the University.

Technological Initiatives needed:

- All the Departments and offices are to be provided high definition internet connectivity and the campus is to bemade a Wi-Fi enabled.

- Providing computers to all the non-teaching staff.

- Adoption of technology to achieve total e-governance . .

- ICT has become an integral part of teaching and learning. Hence Audio-visual and ICT facilities are to be provided to all the classrooms.

- All faculty members have to be provided with a laptop for optimum utilization of e-resources for effective teaching.

- The SC/ST research scholars and PG Students have to be provided with a laptop under SCP/TSP grants.

- The Library need to be modernized and facilities for remote access haveto be provided for the users to see the online resources in the library from anywhere anytime.

- Anti-plagiarism software installed in the library so that all researchers can check their articles and thesis and improve upon the quality of publications.

- CCTV cameras have to be installed in the entire campus.
